

# A **Trusted** Partner for Your Testing and Certification Needs

## **Our People Make the Difference. There is No Substitute for Experience.**

IAPMO has been serving the U.S. plumbing and mechanical industry for over 80 years. IAPMO R&T Lab, a division of The IAPMO Group, is a trusted resource for independent testing, research and technical services, specializing in plumbing and mechanical products.

Our goal at IAPMO R&T Lab is to provide quality testing services at a reasonable price, in a timely manner. One-Stop-Testing is available for manufacturers, distributors and importers to conduct testing and assist in gaining product listing/certification in the United States, Canada and Australia.

IAPMO R&T Lab is ready to put our experience to work for you!

## **Our services include:**

- Certification Testing • Quality Control
- Consulting • Material Testing • NSF/ANSI 61
- Design Analysis • Protocol Development
- On-site Testing at Manufacturer's Facility
- Liaison between Manufacturer and Listing Agencies
